ABOUT ME

I am a student and worker who values optimal performance and balance.
Critical thinking plays a major role in my way of reasoning, providing me clear and grounded ideas, plans and meaning.
Rational, analytical processing are my main strengths and being able to maintain peak working performance under any source of pressure makes me a great, reliable problem solver.

EDUCATION AND TRAINING

10/09/2022 – CURRENT Padua, Italy

ICT High School Diploma I.T.I. Francesco Severi Padova

Technical Industrial Institute "Francesco Severi" of Padua is an Italian state high school whose strategic vision is firmly hinged upon the Lisbon objectives and European Qualification Framework for life-long learning, with the objective of fostering learning through certified competences and promoting students' responsible and aware integration in the labour market or in post secondary education.
For the students, the objectives chosen translate into opportunities for a conscious practice of active citizenship and mobility in the EU.
Since 2012-13, students (14-19) can choose among three different courses and curricula: Information Technology and Telecommunication, Electronics and Electrotechnics, Mechanics Mechatronics and Energy

Website www.itiseveripadova.edu.it | **Field of study** Information and Communication Technologies (ICTs) not further defined | **Level in EQF** EQF level 4
